At Ease

Warranty

Workstories Ltd offers a 5-year warranty on our United Strangers range.

This applies only if products have been used within and by standard office conditions. Wear and tear must be expected from normal use and are not covered by the warranty. Manufacturer's warranty applies to all fabrics.

General Care

CLEANING & CARE

– Wipe it down regularly. Use a dry cotton cloth and make sure to get inside the crevices and keep dust off the surface. Feel free to even use the vacuum in the crevices.

LEATHER CONDITIONER

– If you want the leather to stay primed then invest in some reputable leather conditioners, Look for leather with a creamy consistency which buffs in well, check the conditioner labels for application and look to condition every 6 months.

SPILLS

– When trying to clean the spills, quickly use a dry cloth or sponge. If you must use a little water then be sure to wipe the area dry afterwards away from sunlight and naked flames.

AVOID SOAKING

– Due to the natural material and processing methods of the leather do not soak it in soapy water or keep it drenched in water for too long and if you do, DO NOT USE DETERGENTS OR CLEANING PRODUCTS WHICH ARE NOT DESIGNED FOR FULL LEATHER.

SMALL SCRATCHES

– It's a natural material and can occasionally dry out and small scratches will appear. Just like scratches on our skin these can heal themselves. Just get a micro fiber cloth and give them a gentle buff until their appearances fade. If the cracks are still appearing then please use the leather cleaner / restoration material to bring it back to life.

SUNLIGHT EXPOSURE

– Keep direct sun exposure to suitable levels. Too much direct exposure will dry the leather out and will need leather conditioning more regularly than usual.

Environmental Practices

Workstories is dedicated to being environmentally conscious. We strive to ensure the continued availability of natural resources for current and future generations, and as part of our mission, we recognise the responsibility to protect human health and the environment, and to continually improve our operations.

To carry out this commitment, it is our policy to ensure all our factories:

Meet or exceed the requirements of all environmental laws and regulations applicable to our operations.

Limit our impact on the environment to the extent practicable and work to reduce recognised environmental risks to our employees and the communities in which we operate by employing safe technologies and operating procedures.

Continually assess our environmental programs and monitor our environmental performance.

Have operating policies and programs in place to implement our Environmental Quality Policy.
