J1 Task chair

Designed by **BESTUHL**

Mesh back, fabric seat,
3D adjustable armrests,
Multi-locking synchronous
mechanism with tension adjust,
Adjustable lumbar support,
Seat slide adjustment,
Seat height adjustment.

J1 Task chair – Operations

ADJUSTING THE POSITION OF THE LUMBAR SUPPORT

– Pull both levers at the same time, up or down, to adjust the tension of the mesh to the most comfortable position.

ADJUSTING THE SEAT DEPTH

– Pull out the lever located on the lower left side of the seat (when facing the chair) and pull out the front of the seat. Please do so from a standing position.

ARMREST: ADJUSTING THE HEIGHT

– Push the button located underneath the left/right arm pads and adjust the height of the armrests.

ARMREST: ADJUSTING THE DEPTH & WIDTH

– Hold the armrest firmly and pull/push the pad to achieve the required position.

J1 Task chair – Operations

SEAT HEIGHT

– When elevating the height of the seat, lift the left-hand lever (when facing the chair) vertically, then release it at the height desired. When lowering the height of the seat, sit on the centre of the chair then lift the lever vertically and release it at the desired height.

SYNCHRONOUS MECHANISM: ADJUSTING THE STRENGTH OF THE BACK TILT

– Rotate the lever clockwise to increase the strength of the tilting, counter-clockwise to reduce it.

SYNCHRONOUS MECHANISM: SEAT BACK TILT LOCK MECHANISM

– The tilt mechanism can be locked or released with the right-hand lever (when facing the chair). It can be set to an upright position or locked in place in a variety of reclined positions. Please do so from a standing position.

HEADREST (OPTIONAL)

– Hold the head rest using both hands and move to the desired height.

Finishes

Frame/Mesh – Black/Black, White/Grey
Seat – Black, Grey
Base – Black, Polished

Materials

Back – Breathable mesh
Seat – Fabric cover on elastic foam
Base – Nylon or Aluminium 5-star base with PA castors

Dimensions

J1 Task chair

W: 668mm
D: 568mm

H: 1014 - 1114mm
Seat (H): 430mm – 530mm

Warranty

Workstories Ltd offers a 5-year warranty on our Bestuhl range.

This applies only if products have been used within and by standard office conditions. Wear and tear must be expected from normal use and are not covered by the warranty.

General Care

MESH & COVER FABRIC

To care for mesh & cover fabrics, simply Hoover dust and lint regularly using an upholstery nozzle. Any fresh stains can typically be removed by wiping immediately with an absorbent, lint-free sponge or cloth. Start from the outer edge of the stain and work inwards to avoid creating a halo effect, using normal household distilled water to prevent limescale residue.

PLASTIC

Please use a soft, damp, non-abrasive cloth for cleaning plastic. Subsequent gentle drying is recommended. For stain removal, we recommend using a mild commercially available cleaner. Never use abrasive cleaning agents such as powders or pastes, or aggressive all-purpose cleaners like alcohol, as these may damage the surface. We recommend that you avoid exposing your chair to the sun for any longer than is necessary.

ALUMINIUM

For quick removal of contaminants on polished high-shine, matte chrome and aluminium surfaces, apply a glass cleaner with a clean, soft cloth and subsequently wipe the surface dry with a soft cloth. Always clean metal surfaces gently and without scrubbing so that the surface is not scratched. Never use cleaners containing granular substances, acetic acid or citric acid.

To minimise the risk of damage please take some simple precautions:

Avoid exposure to excessive heat from a fire, radiator or local high temperature light sources.

Before using any cleaning product, you should test it on an inconspicuous spot. Please follow the cleaning product manufacturer's instructions and contact a professional cleaning company in case of stubborn dirt or stains.

SAFETY WARNINGS

Periodically check and tighten hardware as necessary. Any lost bumpers or feet should be replaced as soon as possible to avoid damage to the furniture or the floor surface.

Furniture can be dangerous if improperly assembled or installed. Assembly should be completed by a qualified person following the provided assembly instructions.

Do not tilt, or lean back on the chair legs, as this could result in a fall. Do not stand on furniture, as it could cause a fall. With assistance of another person, always lift, do not drag large or heavy furniture into position.

Environmental Practices

Workstories is dedicated to being environmentally conscious. We strive to ensure the continued availability of natural resources for current and future generations, and as part of our mission, we recognise the responsibility to protect human health and the environment, and to continually improve our operations.

To carry out this commitment, it is our policy to ensure all our factories:

Meet or exceed the requirements of all environmental laws and regulations applicable to our operations.

Limit our impact on the environment to the extent practicable and work to reduce recognised environmental risks to our employees and the communities in which we operate by employing safe technologies and operating procedures.

Continually assess our environmental programs and monitor our environmental performance.

Have operating policies and programs in place to implement our Environmental Quality Policy.

Workstories guarantees limited carbon footprint for our products. Workstories is a full member of FIRA and FISP. We hold FSC, ISO9001 and ISO14001 certifications.
