Accord

Designed by **ATELIER**

The Accord collection of Executive and Meeting chairs presents a slender profile featuring deep upholstered lines emphasising the comfort offered. The sculptural and dynamic design of the arms juxtaposes against the minimal geometric body creating a distinctive silhouette.

With a range of base options alongside 2 different back heights – Mid and High, and optionally without arms, the Accord collection can be customised to suit each individual need.

Finishes

Upholstery – Any fabric of your choice
Base & Arms – Black or polished

Materials

Seat – Birch plywood shell with Crib5 foam
Base & Arms – Aluminium

DIMENSIONS

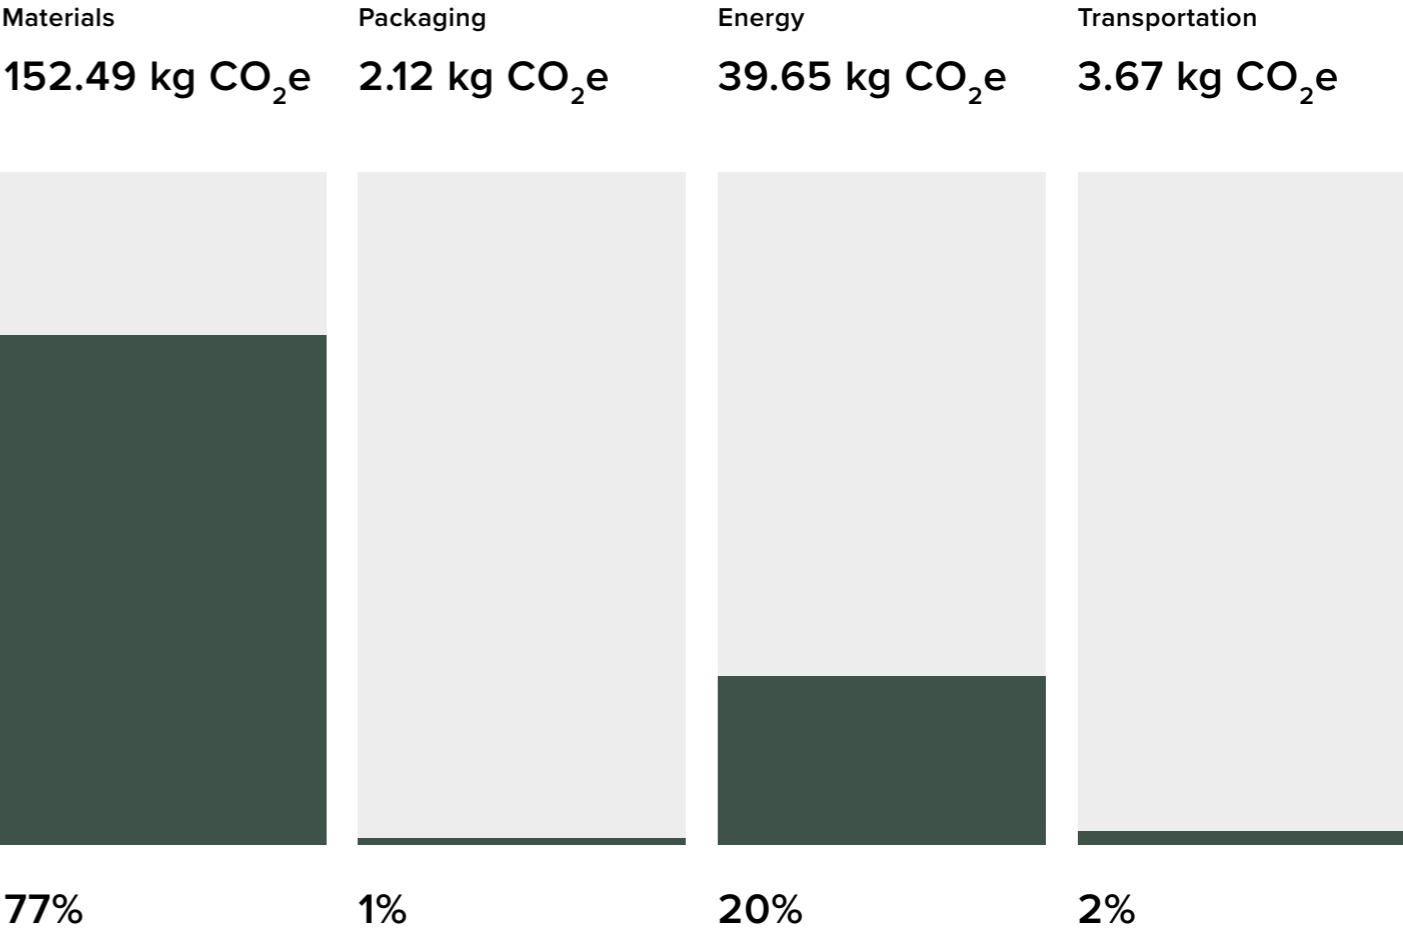

Carbon footprint

Total carbon footprint

197.94^{kg CO₂e}

Weight

17650 grams

Certificates

The Accord collection complies with FIRA to achieve BS EN 16139: 2013 – Test Level 1 – Furniture – Strength, Durability and Safety. Requirements for non-domestic seating.

Workstories guarantees limited carbon footprint for our products. Workstories is a full member of FIRA and FISP. We hold FSC, ISO9001 and ISO14001 certifications.

Warranty

The Accord chair is registered with ACID (Anti Copying In Design).

Workstories Ltd offers a 5-year warranty on our Atelier range.

This applies only if products have been used within and by standard office conditions. Wear and tear must be expected from normal use and are not covered by the warranty. Manufacturer's warranty applies to all fabrics.

General Care

CLEANING & CARE

– The furniture should be regularly cleaned with a soft, dry cloth. If required, a damp, soft cloth may be used. Do not use abrasive, ammonia, bleach, spirit or oil-based cleaners, including D10 sanitiser. Periodically check and tighten hardware as necessary.

UPHOLSTERY

– Upholstered furniture gets dusty and this can dull the colours and reduce the life of fabrics. Lightly vacuum or brush regularly but never use a stiff brush as this could damage the fibres. If you spill something on the upholstery, wipe excess liquid up immediately with a clean absorbent cloth. Then follow the fabric manufacturers cleaning instructions.

Environmental Practices

Workstories is dedicated to being environmentally conscious. We strive to ensure the continued availability of natural resources for current and future generations, and as part of our mission, we recognise the responsibility to protect human health and the environment, and to continually improve our operations.

To carry out this commitment, it is our policy to ensure all our factories:

Meet or exceed the requirements of all environmental laws and regulations applicable to our operations.

Limit our impact on the environment to the extent practicable and work to reduce recognised environmental risks to our employees and the communities in which we operate by employing safe technologies and operating procedures.

Continually assess our environmental programs and monitor our environmental performance.

Have operating policies and programs in place to implement our Environmental Quality Policy.
