ALBION

# Motion

Designed by **ALBION**

Motion is an exciting new way to enhance any space through division, display, and adaptability.

Choose from nine configurations to create the space you need, be it small presentation areas to biophilic zones, or to simply add mobile displays or storage to a flexible area.

DESCRIPTION

# Dimensions

W: 1200mm  
 D: 120mm  
 H: 1897mm  
 Overall D: 582mm

# Finishes

## MFC finish

Black  
 White  
 Light Sorano Oak  
 Natural Hamilton Oak  
 Carbon Grey

## Frame colour available

ANTHRACITE

# Options

 Full length whiteboard  
 & Pinnable surface

Motion Divider  
 Double whiteboard  
 & MFC bottom

Motion Divider  
 Double whiteboard  
 & fabric bottom

Motion Divider  
 Media unit & whiteboard,  
 incl fabric bottom

Motion Divider  
 Whiteboard & Pinnable surface,  
 incl MFC Storage

Motion Divider  
 Shelves, incl MFC Storage

Motion Divider  
 Full length planters

Motion Divider  
 Planters, incl MFC Storage

Motion Divider\*  
 Coat hanger, incl MFC Storage

## Warranty

Workstories Ltd offers a 15-year warranty on our Albion range.

This applies only if products have been used within and by standard office conditions. Wear and tear must be expected from normal use and are not covered by the warranty.

## General Care

## CLEANING &amp; CARE

–  
The furniture should be regularly cleaned with a soft, dry cloth in the direction of the wood grain. If required, a damp, soft cloth may be used. Do not use abrasive, ammonia, bleach, spirit or oil-based cleaners, including D10 sanitiser. Periodically check and tighten hardware as necessary.

## UPHOLSTERY

–  
Upholstered furniture gets dusty and this can dull the colours and reduce the life of fabrics. Lightly vacuum or brush regularly but never use a stiff brush as this could damage the fibres. If you spill something on the upholstery, wipe excess liquid up immediately with a clean absorbent cloth. Then follow the fabric manufacturers cleaning instructions.

## FRAMEWORK

–  
Albion frameworks are considered to be maintenance free. However, where cleaning of the frame is required, a mild detergent solution should be used. Use of harsh abrasives, acids, alkalis or bleaching products is not recommended.

## STORAGE: MFC LAMINATE

–  
All MFC products can easily be cleaned with a damp cloth and a mild soap, or detergent if necessary, and buffed dry with a clean cloth. Never use abrasive powders or scouring pads to clean stubborn marks. In extreme circumstances, a mild alcohol product can be used, however this must be followed by a damp cloth soaked in water, ensuring no alcohol residue is present afterwards.

## WOOD FINISHES

–  
The fine finish applied during manufacture is a hard protective lacquer resistant to moderate heat and spillages of some beverages, but not alcohol. All spillages should be wiped off immediately with a slightly damp cloth to avoid any permanent staining. Always wipe surfaces in the direction of the wood grain. More stubborn stains can generally be removed by applying a mild, lukewarm non-abrasive soap solution using a soft lint-free cloth, gently rubbing over the stain working up a thin lather. Dry immediately using a clean soft cloth.

## SAFETY WARNINGS

–  
Furniture can be dangerous if improperly assembled or installed. Assembly should be completed by a qualified person following the provided assembly instructions.

Do not stand on furniture, as it could cause a fall. With assistance of another person, always lift, do not drag large or heavy furniture into position.

## Environmental Practices

Workstories is dedicated to being environmentally conscious. We strive to ensure the continued availability of natural resources for current and future generations, and as part of our mission, we recognise the responsibility to protect human health and the environment, and to continually improve our operations.

To carry out this commitment, it is our policy to ensure all our factories:

Meet or exceed the requirements of all environmental laws and regulations applicable to our operations.

Limit our impact on the environment to the extent practicable and work to reduce recognised environmental risks to our employees and the communities in which we operate by employing safe technologies and operating procedures.

Continually assess our environmental programs and monitor our environmental performance.

Have operating policies and programs in place to implement our Environmental Quality Policy.
