Moto

Designed by **ATELIER**

Moto is an exquisite seating collection that combines contemporary design aesthetics, exceptional craftsmanship, and high levels of versatility. With a mono-shell form, Moto brings a sense of refined luxury to any space.

Our Moto collection comes in a chair or tub chair version with a choice of 6 different bases, as well as a stool variant which has a choice of 2 different bases.

Warm Grey shell - 100% recycled (50% post-industrial + 50% post consumption)

Shells and plastic frames in other colours are 30% post-industrial recycled material and 70% virgin material.

Warranty

Workstories Ltd offers a 5-year warranty on our Atelier range.

This applies only if products have been used within and by standard office conditions. Wear and tear must be expected from normal use and are not covered by the warranty. Manufacturer's warranty applies to all fabrics.

General Care

CLEANING & CARE

– The furniture should be regularly cleaned with a soft, dry cloth. If required, a damp, soft cloth may be used. Do not use abrasive, ammonia, bleach, spirit or oil-based cleaners, including D10 sanitiser. Periodically check and tighten hardware as necessary. Any lost bumpers or feet should be replaced as soon as possible to avoid damage to the furniture or the floor surface.

POWDER COATED METAL PARTS

– Clean with lukewarm soapy water and rinse off with clean water. Wipe the entire surface with a clean, dry cloth.

SAFETY WARNINGS

– Furniture can be dangerous if improperly assembled or installed. Assembly should be completed by a qualified person following the provided assembly instructions.

Do not tilt, or lean back on the chair legs, as this could result in a fall. Do not stand on furniture, as it could cause a fall. With assistance of another person, always lift, do not drag large or heavy furniture into position.

Environmental Practices

Workstories is dedicated to being environmentally conscious. We strive to ensure the continued availability of natural resources for current and future generations, and as part of our mission, we recognise the responsibility to protect human health, the environment, and natural resources, and to continually strive to improve the environmental quality of our operations.

To carry out this commitment, it is our policy to ensure all our factories:

Meet or exceed the requirements of all environmental laws and regulations applicable to our operations.

Limit our impact on the environment to the extent practicable and work to reduce recognised environmental risks to our employees and the communities in which we operate by employing safe technologies and operating procedures.

Continually assess our environmental programs and monitor our environmental performance.

Have operating policies and programs in place to implement our Environmental Quality Policy.
